9. De Minimis.- (1) A good, except for those falling within chapters 50 to 63 of the Harmonized System, that does not satisfy a change in tariff classification pursuant to Annexure-B shall nonetheless be an originating good if the value of non-originating materials used in the production of the good does not exceed ten per cent. of the FOB value of the good as defined under rule 2 and the good meets all of the other applicable requirements in these rules.

(2) A good classified in Chapters 50 to 63 of the Harmonized System that does not qualify as originating good because certain non-originating materials used in the production of the good do not fulfil the requirements set out in Annexure-B, shall nonetheless be an originating good if the total weight of all such material does not exceed ten per cent. of the total weight of that good.

27. Procedure for Verification.- (1) Any request for information made by the customs administration of the importing Party pursuant to rule 26 shall be in accordance with the following procedures, namely:-

- (a) if requested, the issuing body or authority, as appropriate, of the exporting Party shall provide the following information within ninety days,-

- (b) if the importing Party is not satisfied with the verification undertaken in accordance with clause (a) to (c) of sub-rule (1) of rule 26, it may, under exceptional circumstances, request the exporter or producer for a verification visit. The importing Party shall notify in writing the exporter or producer whose premises are to be visited, the issuing body or authority, the customs administration of the exporting Party and the importer of its intention to conduct the verification visit.

(2) The importing Party shall obtain the written consent of the exporter or producer whose premises are to be visited. When a written consent from the exporter or producer is not received within thirty days of receipt of the written request, the importing Party may deny preferential treatment on goods subject to the verification visit.

(3) The written notification shall include the name of the exporter or producer whose premises are to be visited, the proposed date and time of visit, the purpose for the visit, reference to the goods subjected to verification, and a list of officials participating and their designations.

This may include but not be limited to the breakup of costs and any other relevant elements such as profits that the importing Party requested in order to determine that the good qualifies as originating, pursuant to initiation of verification under rule 26; or
- (f) the exporter or producer fails to give consent or respond to a request for a verification visit within thirty days of receipt of a request pursuant to sub-rule (2) of rule 27.

(2) If an importing Party denies a claim for preferential tariff treatment, it shall issue a determination to the exporter or producer that includes the reasons for the determination.

29. Temporary Suspension of Preferential Treatment.- (1) The importing Party may suspend the tariff preference in respect of a good originating in the exporting Party, when the suspension is justified due to persistent failure to comply with the provisions of these rules by an exporter or producer or a persistent failure on part of the competent authority or the issuing bodies or authorities, as appropriate, of the exporting Party to respond to a request for verification.

(2) Upon receipt of the notification of suspension, the exporting Party may request consultations through the Joint Technical Subcommittee established under the Agreement.

(3) Pursuant to consultations between the Parties, and such measures as the Parties may agree, the Parties may resolve to extend preferential benefit to the good with retrospective or prospective effect.

(2) Each Party shall also adopt or maintain measures that provide for the imposition of civil, administrative, and, where appropriate, criminal sanctions for violations of its customs laws and regulations, including those governing rules of origin, and the entitlement to preferential tariff treatment under these rules.

31. Goods in Transport or Storage.- In accordance with rule 25, the customs administration of the importing Party shall grant preferential tariff treatment for an originating good of the exporting Party which, on the date of entry into force of these rules,-

- (a) is in the process of being transported from the exporting Party to the importing Party; or
- (b) has not been released from customs control, including an originating good stored in a bonded warehouse regulated by the customs administration of the importing Party.

32. Minor Discrepancies or Errors.- A Party shall not reject a Certificate of Origin due to minor errors or discrepancies, such as slight discrepancies between

documents, minor omissions of information, spelling, typing or formatting errors, or protrusions from the designated field:

Provided that these minor discrepancies or errors do not create doubt as to the originating status of the good.
